

## LETTER TO THE EDITOR

Dear Editor,

The purpose of this letter is to bring attention to a very worthwhile cause.

US Army Special Forces is a very small elite unit known to the public as Green Berets. At any time, they are serving in over 110 countries and are frequently in direct combat. Just this month, we have lost 5 men killed in action in Afghanistan and Jordan.

The Green Beret Foundation is a non-governmental, non-profit organization that exists to help wounded Green Berets and the families of the deceased.

In 2017, a group of Special Forces veterans will conduct a relay hike of the Appalachian Trail to raise funds for the Green Beret Foundation. Our goal is to raise over \$100,000. We encourage anyone who is interested in hiking with us or making a donation to the cause to visit our website at [www.GreenBeretAT.org](http://www.GreenBeretAT.org)

Sincerely

Johnny L. Mullen
